# Symbols Used in This Guide

The following are the meanings of symbols used in this guide:

**WARNING**

Risk of minor injury

**CAUTION**

Risk of

- damage to vehicle or property
- voiding warranty

**NOTE**

Useful information

# About the Interior Care Kit

The Interior Care Kit contains Dr. Beasley's products for cleaning and maintaining your vehicle's interior.

This guide will show you how to use the kit to:

- Clean the [seats](#), [wood trim](#), [windows](#), and [center display](#).
- Protect the [seats](#), [wood trim](#), [dashboard](#), [windows](#), and [center display](#).

## Products and Tools Included in the Kit

Item	Description	Item	Description
1	Interior Care Kit bag	6	Terry applicators (2x)
2	Upholstery Cleanser	7	Microfiber towels (4x)
3	Upholstery Cream	8	Timber Cleanser
4	Dash Pro	9	Timber Coat
5	Glass IQ	10	Dual head brush

# Clean the Upholstery

Use Upholstery Cleanser to clean the seats.

## WARNING

Wear protective glasses when using Upholstery Cleanser.

## CAUTION

Don't apply Upholstery Cleanser to clear glass or plastic surfaces.

1. Shake the bottle well.
2. Hold the bottle several inches away from the upholstery and spray the product onto a microfiber towel. Use the same towel to clean a small area of upholstery.

3. Dry the surface with a clean microfiber towel.
4. Continue cleaning more of the upholstery as needed. For best results, clean one small area at a time.

## NOTE

For best results, [follow up with Upholstery Cream](#).

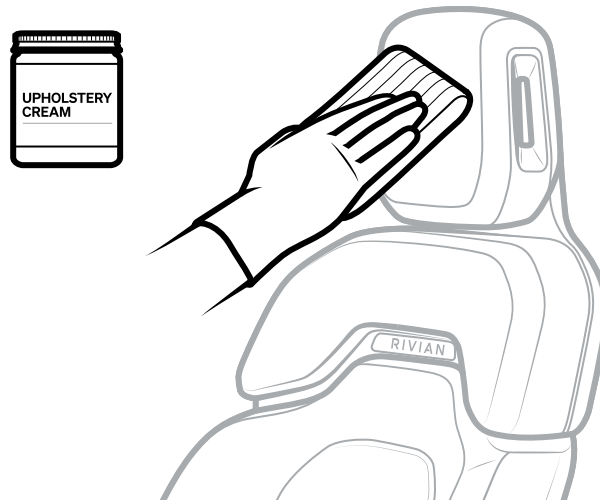

# Protect the Upholstery

Use Upholstery Cream to moisturize and maintain the seats.

## NOTE

For best results, [clean the upholstery](#) before applying Upholstery Cream.

1. Shake the jar well.
2. Use a terry applicator to apply a thin layer of product over the desired area. Massage the product into the upholstery.

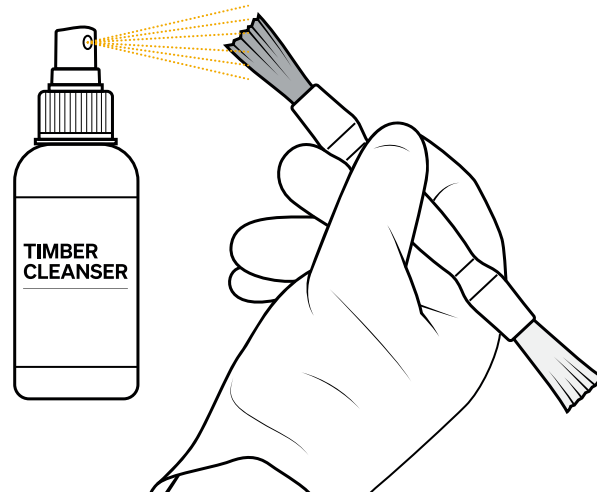

3. Let the product sit for a few minutes or until it begins to dry.
4. Wipe off excess product with a clean microfiber towel.

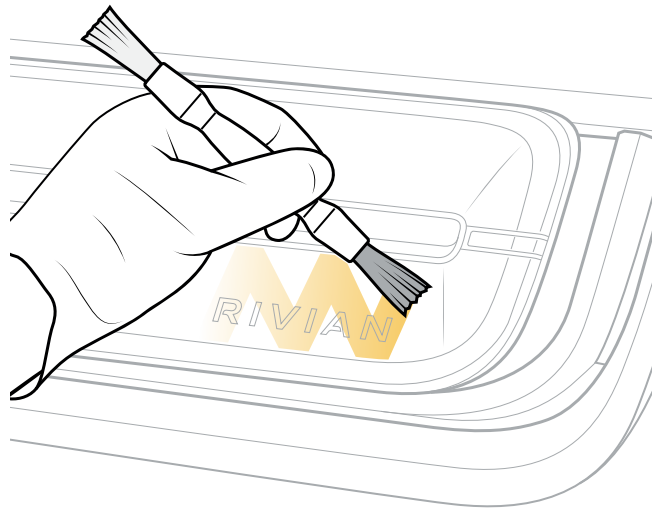

# Clean the Wood

Use Timber Cleanser to clean the wood trim.

1. Shake the bottle well.
2. Lightly coat the desired wood surface with the cleanser.
3. Spray more cleanser onto the dark side of the dual head brush.

4. Gently scrub the wood with the dark brush to lift debris.

5. Gently blot the wood with a clean cloth and wipe the remaining product off.

## NOTE

For best results, [follow up with Timber Coat](#).

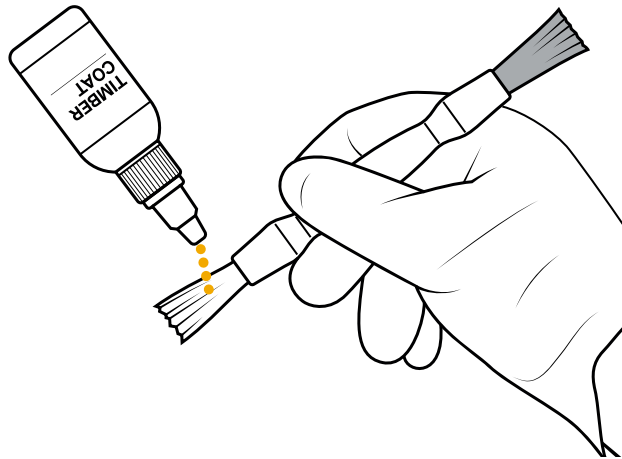

# Protect the Wood

Use Timber Coat to apply a protective coating over the wood trim.

## NOTE

For best results, [clean the wood](#) before applying Timber Coat.

1. Shake the bottle well.
2. Apply 1 to 2 drops of Timber Coat onto the light side of the dual head brush.

3. Gently brush the product onto the wood, working in the direction of the grain pattern.

4. Let the product sit for a short time.

## CAUTION

Don't let Timber Coat fully dry during this time.

5. Use a clean microfiber towel to gently blot and wipe off the remaining product in short strokes.

# Protect the Dashboard

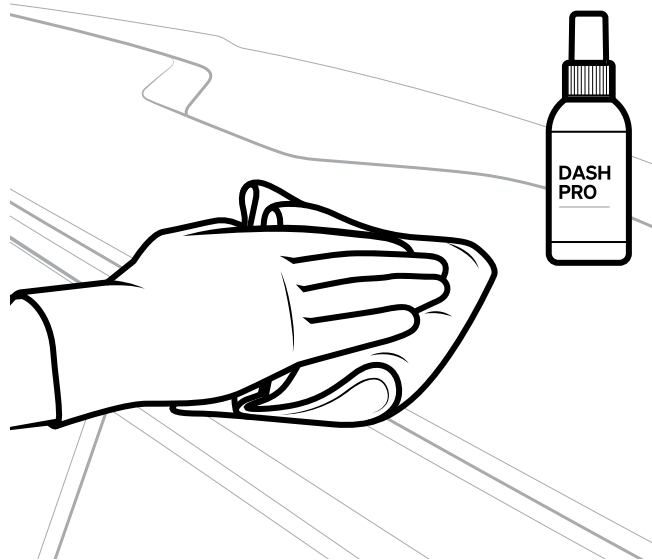

Use Dash Pro to apply a protective coating over the dashboard.

## CAUTION

- Don't apply Dash Pro to clear glass or plastic surfaces.
- Take care to avoid Dash Pro overspray on clear glass or plastic surfaces while using the product.

1. Shake the bottle well. Ensure the dashboard is clean and dry.
2. Fold a microfiber towel into fourths and lightly coat it with Dash Pro.
3. Use the same towel to apply the product over the dashboard.

4. Let the product sit for 1 to 2 minutes.
5. Use a clean microfiber towel to buff the excess product.
6. Don't touch or disturb the dashboard for 1 hour.

## NOTE

Re-apply Dash Pro once a year (or as needed).

# Clean and Protect the Glass

Use Glass IQ to clean and maintain the windows and center display.

## CAUTION

Don't apply Glass IQ in direct sunlight.

## NOTE

Glass IQ should only be used to clean light stains.

1. Shake the bottle well.
2. Lightly coat the desired glass surface with Glass IQ and let the product sit for 1 to 2 minutes.

## CAUTION

- If there's a risk of Glass IQ spreading to other surfaces, spray the product onto a clean microfiber towel first. Then, apply the product with the towel.
- Don't let Glass IQ fully dry during this 1- to 2-minute period.

3. Use a clean microfiber towel to buff the excess product.
4. Don't touch or disturb the glass for 1 hour.

# Adventure Gear Limited Warranty

Refer to the [Adventure Gear Limited Warranty Guide](#) for warranty information.
